EXAMINER'S AMENDMENT

1. An Examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to Applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this Examiner's amendment was given in a telephone interview with Christopher Philip Wrist on April 11, 2006.

The application has been amended as follows:

CLAIMS

- **Claim 1 (line 8)** – please replace “automatic control tab” with “automatic gain control tab”.

2. The following is an Examiner's statement of reasons for allowance:

The closest prior art discloses calibrating a CCD-based video camera by using the camera's internal black and white references. The calibrating involves adjusting offset and gain values for a plurality of video channels with two identical feedback loops. A counter determines output error values corresponding to differences between the actual offset and gain values and the internal reference values.

However, the closest prior art does not teach or fairly suggest sensing a video signal for a video channel provided with the automatic gain control tab to determine a value for calibration and calibration for pixel gain in a video channel that is not provided with the automatic gain

control tab, wherein the calibration is performed by multiplying a video signal input from the video channel not provided with the automatic control tab with a video signal output error value obtained from an integrator and wherein the video signal output error value compensates both the video signal for the video channel provided with the automatic gain control tab and the video signal for the video channel not provided with the automatic gain control tab.

Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
